

As a voter you can enact change

To the Editor:

Are you dissatisfied with the performance of Houston County's commissioners? You as a tax paying citizen and voter can do something about it. Also you may look at the ballot and do not know the candidates personally or what they really stand for. We have a highly qualified person running for a position of County Commissioner in District 3. This person will make intelligent decisions and spend our taxpayer money prudently. Please vote for Bob Augedahl on Nov. 4.
